IT IS PERHAPS THE SMALLEST SPACE KNOWN TO MAN.

*THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT.
THERE'S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE.
THE ONLY WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.*

At Cadillac, we've set out to create our own uniquely American breed of extraordinary. It's why we've created our own daring school of design that pushes steel way beyond its comfort zone. It's why we pioneered a suspension technology so brilliantly effective that some of the world's top supercars followed our lead. Inspired and humbled by all the great cars that came before us, we went all the way to Germany's famed Nürburgring racetrack to prove ourselves against—challenging, and ultimately surpassing—Europe's most admired sport sedans.

RED-BLOODED. DARING. ORIGINAL.

These are the kinds of luxury cars we build. It takes tenacity, a refusal to leave well enough alone. That is the difference between good and great.

That is the difference between just making luxury cars, and making Cadillacs.

THE NEW STANDARD OF THE WORLD

CTS COUPE

CTS SPORT SEDAN

CTS SPORT WAGON

*AN EXAMPLE OF FORM
NOT FOLLOWING ANYBODY.*

What happens when you give automotive designers carte blanche? When you strip away any preconceived notions of what a car should be? With one dramatic motion, we dispersed the old influences and simply asked, "What if?" The result is a vehicle that questions everything. The first glance tells you this is the case. The CTS has an angular silhouette that expresses a singular philosophy untouched by committees. And, with the coupe, sedan, wagon and potent V-Series models, options abound. Each is engineered to compete with—and then ultimately surpass—the world's great performance cars. Proof that not following anybody is how you become a leader.

IF YOU'RE GOING TO
MAKE A STATEMENT,
DON'T MUMBLE.

In a world pervaded by a copy-and-paste mindset, our designers have done the unthinkable. Shaped metal in ways that until now seemed impossible. Created lines so dramatic that we had to challenge the traditional manufacturing process to build them. And examined every detail with a keen eye. That's why we banished traditional door handles on the coupe, in favor of an invisible design. And why we conceived distinctive vertical light pipe technology and LED taillamps that can react in milliseconds. From any angle, the CTS represents one vision, purposefully executed. Why settle for a small step forward when you can make a leap?

PERFORMANCE THAT'S MORE THAN
SPEEDOMETER DEEP.

MORE POWER FOR 2012

The direct-injection 318 HP 3.6L V6 engine available in the CTS gains even more power and torque for 2012. Yet it offers the same exceptional fuel economy¹ without requiring premium fuel.

NÜRBURGRING-TESTED

Not only did we test our suspension components on the legendary Nürburgring racetrack in Germany; we went a step further, re-creating the most demanding corners of the world's most legendary tracks in our own backyard to build the ultimate test track. So we can challenge ourselves every single day.

While horsepower often gets the spotlight, a truly great driver's car is a balancing act. An inspiring combination of generous power, exemplary brakes and tenacious grip. To challenge the world's best, we took the CTS to Germany's famous Nürburgring, where the world's supercars are tested and evaluated. Of course, we went for reasons other than simply watching the speedometer. We went to fine-tune the chassis and suspension on the 'Ring's treacherous curves. The result is a ride that feels firmly planted and responsive at any speed. When it comes to world-class performance, the CTS has shifted the balance in your favor.

1. Based on EPA-est. mpg 18 city / 27 hwy.

LIGHTING BRINGS YOUR HOME TO LIFE.

WHY NOT YOUR CAR?

Something remarkable happens when you approach the interior of a luxury car not just as an engineer, but as a designer or an architect. It's why the supple surroundings of the CTS, with available ambient interior lighting, are illuminated like a fine home instead of like a car. Why the available Sapele wood positively shimmers in richness and depth. And why the instrument panel and door handles glow—lit for effect as well as ease of use. It all works together to create drama, ambience and a space as intimate as it is exhilarating.

CTS COUPE with Touring Package / Crystal Red Tintcoat

CTS COUPE

The CTS Coupe conveys pure performance, starting with an improved 3.6L direct-injection V6 engine that now delivers an impressive 318 HP and 275 lb.-ft. of torque. Once inside the driver-focused interior, you're surrounded with advanced amenities like Bluetooth® phone connectivity,¹ an available 10-speaker Bose® 5.1 surround sound system and ingenious optional glide-up touch-screen navigation² to keep you entertained as well as informed.

ADRENALINE,
DISTILLED.

1. Go to gm.com/bluetooth to find out which Bluetooth® phones are compatible with the vehicle.
2. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.

TWO DOORS.
UNLIMITED POTENTIAL.

It's the end of engineering as usual. The deeply sculpted lines and chiseled design alone required us to rethink how to shape steel. Combined with a wide, aggressive stance and sweeping roofline, every aspect of the CTS Coupe irrefutably communicates performance.

CENTER-MOUNTED EXHAUST

Chrome, center-mounted exhaust outlets are the final, dramatic exclamation point on a powerful statement.

INVISIBLE DOOR HANDLES

Ingenious hidden door handles help maintain the seamless coupe design.

INTEGRATED REAR SPOILER

The CTS-V spoiler shown here is included with the available Touring Package. Not only is it a strong visual cue, the spoiler also generates downforce for greater stability at higher speeds.

CTS COUPE / Ebony with Sapele wood trim

YOU SPEND A LOT OF TIME HERE.
WE OBSESSED ACCORDINGLY.

Every stitch, reexamined. Every finish, closely appraised. Even the lighting was addressed with a keen eye. Because when you demand more from an interior, it shows. Details begin to come alive under the warm glow of the available ambient lighting—like the polished metal accents or the elegance of French stitching on the available supple leather seating surfaces.

FRENCH-STITCHED SEAMS

MOTORCYCLE-INSPIRED HIGH-PERFORMANCE GAUGES

GLIDE-UP NAVIGATION

Available glide-up navigation features an 8" touch screen with 10 GB of hard drive storage.

CTS SPORT SEDAN / Thunder Gray ChromaFlair®

CTS SPORT SEDAN

ITS BEAUTY IS MORE THAN
SHEET-METAL DEEP.

Every drive is ready to be seared into your memory, thanks to an available 318 HP 3.6L direct-injection V6 engine paired with a 6-speed automatic with Driver Shift Control. Or the 3.0L direct-injection V6 engine with either a 6-speed automatic with Driver Shift Control or a 6-speed manual. Inside the CTS Sport Sedan, you'll find motorcycle-inspired high-performance gauges and an available glide-up navigation¹ system that includes iPod® connectivity, a 10-speaker Bose® 5.1 surround sound system and hard drive for music storage. Other available features include Rainsense wipers, keyless access and Adaptive Remote Start.

GIVE THE ROAD

SOMETHING TO REMEMBER YOU BY.

CTS SPORT SEDAN with Touring Package / Radiant Silver Metallic

The determined hood, the raked-back lines and athletic stance—everything about this design takes a distinctive stand. Enhancing its bold style and driving dynamics is an available Touring Package. For the Luxury Collection, the Touring Package includes a dark-accented grille, High-Intensity Discharge (HID) headlamps, fog lamps, chrome-accented door handles, dual-exhaust outlets and 18" aluminum wheels with Nickel Pearl finish. Premium Collection models with the Touring Package add 19" polished aluminum wheels. As your eyes work their way back, there's a rear spoiler shared with the world-class CTS-V—not only is it a strong visual cue, it generates downforce for added stability.

TOURING PACKAGE HIGHLIGHTS:

EXCLUSIVE GRILLE (TOP)

A distinct front grille, specific to the available Touring Package, features a dark finish for a strong performance styling cue.

V-SERIES REAR SPOILER (MIDDLE)

The available Touring Package includes the CTS-V spoiler that creates downforce for greater stability at higher speeds.

19" PERFORMANCE WHEELS (BOTTOM)

The available Premium Collection Touring Package includes boldly-styled 19" x 8.5" cast-aluminum, multi-spoke polished wheels.

METICULOUS TAILORING

SHOULDN'T BE RESERVED SIMPLY FOR CLOTHING.

CTS SPORT SEDAN / Cashmere with Sapele wood trim

RECARO® SEATING

The available Premium Collection Touring Package includes RECARO performance seating with 14-way adjustable pneumatic bolster controls that provide firm back and thigh support for driver and passenger.

MICROFIBER SUEDED TRIM

The available Touring Package includes a microfiber suede-wrapped steering wheel that provides maximum grip during performance maneuvers.

PERFORMANCE ALLOY PEDALS

Low-profile alloy pedals are part of the available Touring Package, because no detail is too small.

Inside the CTS, every detail was as carefully considered as on the outside. Experience the supreme comfort of supportive front seats with available heated and ventilated leather seating surfaces. Interface with the available glide-up touch-screen navigation¹ with 10 GB of hard drive storage, 10-speaker Bose® surround sound system, standard Bluetooth® phone connectivity,² USB port³ and pause-and-play radio. With this feature, you can record up to 20 minutes of your favorite music, sports event or engaging talk program, then play it back whenever you choose. What's more, the available Touring Package adds Midnight Sapele wood trim, sport alloy pedals, and microfiber sueded seat inserts, steering wheel and shift knob. The Premium Collection Touring Package adds RECARO performance seating.

1. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.
2. Go to gm.com/bluetooth to find out which Bluetooth® phones are compatible with the vehicle.
3. Not compatible with all devices.

CTS SPORT WAGON / Thunder Gray ChromaFlair®

CTS SPORT WAGON

Every chiseled line is designed to maintain the seamless profile, right down to the integrated roof rails used instead of more traditional bars. In back, signature vertical LED taillamps with light pipe technology extend up and along the liftgate for quick illumination and for pushing the CTS Sport Wagon's distinctive blend of performance and practicality farther into the left lane.

EFFECTIVELY BLURRING THE LINE BETWEEN
EMOTION AND FUNCTION.

LIVE A BIG LIFE?

YOUR CAR IS READY.

The CTS Sport Wagon balances sport sedan DNA, seating for five and a cargo-ready body style. Choose from a 3.0L direct-injection V6 engine with 270 HP, or a more powerful 3.6L direct-injection V6 with class-leading 318 HP, along with a choice of either rear or track-tuned All-Wheel Drive. Fold the seats flat and you have 58 cubic feet of flexible cargo space¹ with underfloor storage compartments for valuables. And the rear cargo area is easily accessible, thanks to a power liftgate with programmable memory height that can be programmed to clear overhead obstacles.

CTS

THE PERSONALITY OF A COUPE?
THE ROOM OF A WAGON? **YES.**

Imagine the same indulgent CTS interior, now on a slightly larger scale. When you need the space, the rear seats fold flat, creating 58 cubic feet of storage. Even the floor rails are fitted with attachment points for tie-downs, and an available retractable cargo shade keeps valuable items out of sight. As you'll see, in our quest for luxury, no detail is too small.

CARGO STORAGE

CTS Sport Wagon accommodates your lifestyle. There's 25 cubic feet of space behind the rear seats and an additional underfloor cargo storage compartment.

POWER LIFTGATE WITH MEMORY HEIGHT

The power liftgate can be programmed to suit any height. Besides full-open, it can be set for a lower opening to avoid contact with a garage ceiling.

THE WILD BRANCH
OF THE FAMILY TREE.

BADGE OF HONOR

The "V" badge is a clear signal to those in the know that something very special lurks inside.

EXTRAORDINARILY POWERFUL

The 556 HP supercharged V8 in the CTS-V Coupe, Sedan and Wagon is the stuff of legend.

The CTS-V family of high-performance cars—coupe, sedan and wagon—take every aspect of the CTS performance and dial it up to an even higher level. No apologies. No caveats. Not an asterisk in sight. Designed to deliver a bold challenge to the world's most revered sports cars, the CTS-V Sedan is the fastest production sedan in the world. Under their hoods is a 556 HP supercharged engine that propels the coupe and sedan from 0 to 60 in as fast as 3.9 seconds and the wagon in a mere 4.0 seconds. Their dual-mode Magnetic Ride Control suspensions are so ingenious that the technology has been licensed by some of the world's most revered supercars, while massive Brembo® brakes bring everything to a halt. Are they more car than you need? We certainly hope so.

A HOLISTIC APPROACH TO SAFETY.

SIDE BLIND ZONE ALERT

When changing lanes, this newly available system's radar¹ sweeps both sides of the CTS Coupe. When a vehicle approaches from behind and enters the radar coverage, a light in the mirror alerts you to help you move safely. It will also alert you if a vehicle merges toward you.

ACTIVE FRONT SEAT HEAD RESTRAINTS

They're designed to move forward and upward in a rear-end collision to decrease the space between the restraint and the occupant's head to help reduce the risk of neck injury.

At Cadillac, we believe the best way to survive a collision is to avoid one in the first place. Active safety begins with a responsive engine, powerful brakes, and an agile suspension; to these we add the StabiliTrak Electronic Stability Control System, an advanced anti-lock braking system (ABS) and the confidence of available All-Wheel Drive (AWD). But when a collision can't be avoided, we've engineered a rigid body structure and strategically engineered crumple zones. Peace of mind that also comes with six airbags² standard and one year OnStar³ Automatic Crash Response. In a crash, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor who can use GPS technology to send help to your exact location. It's a lifeline to help. Even when you can't ask for it.

1. Before making a lane change, always check the SBZA display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal.
2. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.
3. Visit onstar.com for details and system limitations. OnStar acts as a link to existing emergency service providers.

CADILLAC SHIELD

THE NEW STANDARD OF LUXURY OWNERSHIP

PREMIUM CARE MAINTENANCE

Standard on all 2011 and newer Cadillac vehicles, Premium Care Maintenance is a fully transferable maintenance program that covers select required maintenance services during the first 4 years or 50,000 miles.¹

COURTESY TRANSPORTATION

During the warranty coverage period, this Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar² can use GPS technology to help authorities quickly locate and recover it. On most Cadillac models, an Advisor can send a Stolen Vehicle Slowdown[®] or Remote Ignition Block signal to help authorities safely recover it.

DIAGNOSTICS BY ONSTAR

With best-in-class diagnostics from OnStar², maintaining your Cadillac can be as simple as checking your e-mail or your OnStar RemoteLink mobile app. Every month, you can receive an e-mail with the status of key operating systems.

EMERGENCY BY ONSTAR

In a crash, built-in sensors can automatically alert an OnStar² Advisor who is immediately connected in to your Cadillac to see if you need help sent to your exact location. Other OnStar² emergency services include Injury Severity Predictor and First Assist. All Cadillac models come with 1 year of OnStar² service.

ROADSIDE ASSISTANCE

Among leading luxury car brands, Cadillac is the only one to offer standard 5-year Roadside Assistance that provides lock-out service, a tow, fuel, Dealer Technician Roadside Service and more.

WARRANTY PROTECTION

The 5-year/100,000-mile³ Cadillac Powertrain Limited Warranty is 30,000 miles longer than Lexus and 50,000 miles longer than BMW and Mercedes-Benz. The 4-year/50,000-mile³ Bumper-to-Bumper Limited Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

NAVIGATION BY ONSTAR

Just push the OnStar² button and an Advisor can download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn. You can also plan routes using Google Maps[™] or MapQuest.com[®], and then send them to your Cadillac.

CONNECTIONS BY ONSTAR

Available Hands-Free Calling capability from OnStar² allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink mobile app, you can access and control your Cadillac from anywhere you have cell phone service.

The one-year Directions and Connections Plan connects you with a live OnStar Advisor who can program your requested route and have directions sent to your vehicle, or to the navigation system,² when equipped. It's just one example of the level of personal service we think you deserve as a Cadillac owner.

MYCADILLAC APP

The ingenuity of the CTS doesn't stop with the car. As a Cadillac owner, an advanced complimentary app is available for your new vehicle. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android Smartphone let you access features like parking reminders, Roadside Assistance, and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability³ to remotely start your vehicle from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life.

1. Whichever comes first. Visit cadillac.com for details.
 2. Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Services vary by model and conditions. OnStar is standard for one year.
 3. Requires active OnStar subscription.

PAINT FINISHES

TRICOAT

A meticulous 3-layer process that results in a dramatic hue-shifting color reminiscent of a show-car finish.

TINTCOAT

A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

CHROMAFLAIR®

An advanced, light interference paint technology with prismatic metallic pigments to create intense, deeply lustrous color.

1. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 2. RDS only functions where stations broadcast RDS information. 3. Not compatible with all devices. 4. Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with this vehicle. 5. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada. 6. Visit onstar.com for details and system limitations. 7. Before making a lane change, always check the SBZA display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 8. All SiriusXM services require a subscription sold separately by SiriusXM Radio after the trial period. SiriusXM Radio services only available in the 48 contiguous United States and the District of Columbia. For more information and to view Customer Agreement, visit siriusxm.com for details. 9. Not available with navigation system. 10. Requires rear-wheel drive. 11. Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection.

1. Rear-wheel drive models only. 2. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 3. RDS only functions where stations broadcast RDS information. 4. Not compatible with all devices. 5. Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with this vehicle. 6. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada. 7. Visit onstar.com for details and system limitations. 8. Requires a subscription sold separately by SiriusXM after trial period. SiriusXM radio service available only in the 48 contiguous United States and the District of Columbia. For more information and to view Customer Agreement, visit siriusxm.com for details. 9. Only available on rear wheel drive models. Not available with 19" All-Season Tire Performance Package. 10. Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection. 11. Not available with 19" polished wheels/summer or all-season tires.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (09/11), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and details and system limitations.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT Unless you option into a spare tire, there is no jack or spare tire in this vehicle. If you do not option into the spare tire, your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

ASSEMBLY Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY World-class coverage comes standard on every 2011 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 5 YEARS/100,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program¹; Courtesy Transportation Program²

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; Tires – Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels

RUST THROUGH PROTECTION Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

¹ Roadside Assistance Program and Courtesy Transportation Program are not a part of the New Vehicle Limited Warranty. A separate booklet entitled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
